

2nd Press Release - For Immediate Release Line-Up Complete

Mattawa Voyageur Days 21st Edition on July 27 to July 29, 2018

Mattawa Voyageur Days is EXTREMELY pleased to announce that;

The Opener for Saturday's Rock Where the Rivers Meet will be **LOGAN STAATS** the first winner of the CTV's show The Launch.

Raised in Brantford, Ont., Logan Staats started writing and performing music in his teens, later becoming an award-winning artist. His haunting voice has provided opportunities to share the stage with acts such as Buffy Sainte-Marie, Keith Secola and Mumford and Sons. A product of passion and tireless musical commitment, Logan's songs are truly his own. Armed with his guitar and harmonica, he has transitioned from the weekend bar circuit to playing sold out venues. His performances are animated by a level of self-possession, sadness, and joy created by an aura of inevitability. Logan is hell bent on raising the bar for Indigenous/mainstream crossover music.
